

KAPPA MU EPSILON- MATH CLUB

# EBOARD INTERESTS!

Tuesday, October 29th from 6:30-7:30  
in Pearce 226

## READY TO LEARN A LITTLE BIT ABOUT A LOT?

Each of our eBoard members will be giving a 10 minute presentation on something they're interested in. From optimization of Tetris to the philosophy of mathematics, there is a lot of fun and interesting information to be learned! As always, pizza will be provided, so join us in learning many different aspects of math in the real world.
